Element Lifestyle Retirement Amends Consulting Agreements

September 27, 2017, Vancouver, BC - Element Lifestyle Retirement Inc. (the “Company” or “Element”) (TSX.V: ELM) is pleased to announce that the consulting agreements dated January 27, 2014 (the “Opal Consulting Agreement”) and August 1, 2014 (the “Oasis Consulting Agreement”), each as amended, pursuant to which Element was engaged as consultant to supervise the planning, design and construction of the Opal and Oasis Projects, respectively, have been amended to provide for compensation terms more favourable to Element and better reflective of industry standards.

According to the agreement amending the Opal Consulting Agreement (the “Opal Amending Agreement”), Element will earn and be paid a consulting fee equal to \$3,495,000 instead of the lesser of \$1,920,000 or 4% of the costs of the Opal Project as set out in the original Opal Consulting Agreement. Fees will be paid in monthly installments until February 2019, as set out in the Opal Amending Agreement.

As per the agreement amending the Oasis Consulting Agreement (the “Oasis Amending Agreement”), Element will earn and be paid a consulting fee equal to \$6,250,000 for the initial phase and 5% of total project costs for the remaining phases instead of 4% of the costs of the Oasis Project as set out in the original Oasis Consulting Agreement. Fees in respect of the initial phase will be paid in monthly installments until November 2021 and in respect of the remaining phases in monthly installments commencing on the date such work commences on a schedule to be determined by the parties.

Don Ho, President, commented, “The terms of the amended agreements provide attractive win-win opportunities for both organizations and provides the opportunity for the Company to strengthen its treasury. Care Pacific Holdings Ltd. is the ideal partner for us and we are encouraged by their ongoing commitment to our operations and employees. The flexibility and rapid response time in working to amend the agreements has been a true testament to our partnership.”

The amended agreements are expected to generate incremental revenues to Element of \$2,825,000 for the Opal project and the initial phase of the Oasis project. The Opal and Oasis Amending Agreements have been approved by the TSX Venture Exchange and a copy of each will be filed on SEDAR and available for viewing under Element’s profile at www.sedar.com.

About Element Lifestyle Retirement Inc.

Element was established in June 2013 in Vancouver, British Columbia and is in the business of providing comprehensive development consulting and operations management services. Collectively, the leadership team of Element has well over

100 years' experience in real estate and master planned community development, with specialization in hospitality management, and retirement community development and operations. Our development consulting services include property selection, assembly and acquisition; building and community design; municipal approval and land entitlement processes, and construction project management. Additionally, Element is vertically integrated and provides innovative operational management services for existing or new retirement communities. The core business of Element has been the development and management of third party assets in the "retirement community" space, but has now moved into the ownership arena through the acquisition of a combination of existing operating assets and property for new development. The organization has positioned itself to be a leading development and retirement management services organization that is changing the perception and experience of aging with its innovative intergenerational aging-in-place model. The long-term mission is to remove the stigma and burden that come with aging and evolving health. New property developments will be under Element's branded model. It encompasses a seamless transition for older adults from independence to assisted living to complex care, while integrating accommodation and activities for all ages to create a vibrant environment. This enables older adults and their families to have complete peace of mind with the availability of adaptive services and care in a purpose-built customized community that will accommodate residents' changing needs.
